SARSAPARILLA. Great Spring and Summer Medicine. WONDER AND BLESSING OF THE AGE.

This Extract is put up in Quart Buttles; it is six time cheaper, pleasanter, and warranted superior to any ing, sickening or debilitating the Patient. The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease, it

invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES Ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood: a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of diseases; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole sys-tem permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on by a physical prostration of the neryous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior

most extraordinary degree.

New York, April 28, 1847. DR. TOWNSEND .- I verily believe your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It be came worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant, WM. RUSSELL, 65 Catharine st

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barreness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Laucorrhea, or Whites, obstructed or difficult Menstruction, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause or causes produced by irregu larity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons of all weakness and lassitude, from taking it at once become robust and full of energy under its infidence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medieine, have been blessed with fine, healthy offspring

To Mothers and Married Ladies. This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period. " The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and norrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those wiso are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which Women are sub

It braces the whole system, renews permanently the natural energies, by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation which is the case of most medicines taken for female weak ness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be

Great blessing to Mothers & Children. fying the system, and relieving the sufferings attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it is judispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Piles Cranps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully very few cases require any other medicine, in some a little Castor Oil, or Magnesia, is useful. Exercise in the open air, and light food with this medicine, will always

ensure a safe and easy confinement. Beauty and Health. Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin and check the circulation, which, when nature is not the arted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face Divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty t is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature-not of powder or soap If there is not a free and healthy circuation, there is no beauty. If the lady is fair as driven snow, if she paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives

a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating. This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions they should use Dr. Townsend's Sarsaparilla. Thoued. Ladies of every station crowd our office daily.

Notice to the Ladies.

Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a great Remedy for Females, | 20, 5 relates to the complaints of women, word for word-other men who put up medicine, have, since the great success of Dr. Townsend's Sarsapariila in complaints incident to females, recommended theirs although previously they did not. A number of these mixtures, Pills, &c., are injurious to females, as they aggravate disease, and under-mine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints—it 30, rarely, if ever fails of effecting a permanent cure. It 31, can be taken by the most delicate females, in any case, or by those expecting to become mothers, with the greatest advantages, as it prepares the system and prevents pain or danger, and strengthens both mother

and child. Be careful to get the gennine. Scrofula Cured. This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of

Three Children. Dr. Townsend-Dear Sir : I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken four bottles; it took them away for which I feel mysel under great obligation.

Yours, respectfully, ISAAC W. CRAIN, 106 Wooster-st.

Opinions of Physicians. Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union. This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparrilla, and believe it to be one of the most valuable preparations in the market. CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stolen and copied our advertisements, they are only worthless imitations, and should
